How will I get in the facility?

Members will have access to the facility via their extended hours access card at the side door from 4:00am-11:00pm DAILY.

What if I bring a guest?

Guests are always welcome at the YMCA. If you know in advance that a guest will be joining you please let our staff know so we can make sure the appropriate paperwork is on file. If you don't know in advance we ask that you have your guest fill out a guest pass while in the facility. Guest passes can be found in a green folder on the black shelf at the front desk.

How will this affect evening fitness classes?

Evening fitness classes will still meet as normal. During fitness classes the front doors will be unlocked to allow access to the facility.

Why have the staffed hours changed?

The Y, being a non-profit, has to best use staff and resources as needed. Our staffed hours must reflect the times that are the busiest for our branch. Making these adjustments allows us to be savvy with our funding.

If you have any questions or concerns please feel free to reach out to our Branch Director Andrea Copenhaver or Membership Coordinator Christina Powell.

Thank you for your continued support of the Western Community Center YMCA.

The Western Community Center YMCA is a non-profit charitable organization committed to strengthening the foundations of the Community through programs and services focused on youth development, healthy living and social responsibility.
